to help improve the attainment of our disadvantaged pupils.

# **Part A: Pupil premium strategy plan**

## **Statement of intent**

## Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	<p><b>Attendance</b> Our attendance data for 2022/23 indicates that attendance among disadvantaged students has been 1.84% lower than that for non-disadvantaged students. However, our Pupil Premium student attendance was strong compared to the national average. 21.63% of Pupil Premium students were Persistently Absent compared to 17.67% of non-disadvantaged students.</p>
2	<p><b>Safeguarding</b> This includes supporting with significant and often highly complex safeguarding issues which disproportionally affect these students. With approximately 46% of concerns being logged as students being classed as disadvantaged, these represent a high number of students who are referred to our Safeguarding Department.</p> <p>These students face additional barriers to learning that require a high level of intervention to support and which often lead to both student and family support. These can be complex needs of neglect, health, poverty, domestic violence, and a host of other serious issues from outside the community.</p>
3	<p><b>Reading</b> Students undertake the NGRT reading tests annually. In these tests on average Pupil Premium students are showing a gap of on average 6months in reading age compared to their peers.</p> <p>This can be through a combination of factors. Access to reading material and amount of reading in the home, and in some cases no one to assist with reading at home due to issues of EAL or illiteracy.</p>
4	<p><b>Lower Prior Attainment on Entry</b> The English and Maths attainment of disadvantaged students is generally lower than non-disadvantaged students.</p>

## Part B: Review of the previous academic year

### Outcomes for disadvantaged pupils

#### Attainment

previous academic year, drawing on national assessment data and our own internal summative and formative assessments.

The data demonstrated that the overall P8 for 2022-23 was 0.39 with disadvantaged students achieving 0.03 and PP students 0.13 indicating that pupils are achieving higher in each qualification on average compared to similar pupils in the country. To help us gauge the performance of our disadvantaged pupils we compared their results to those for disadvantaged and non-disadvantaged pupils at national and local level. Our results for 2022-2023 were above the national average for disadvantaged children and placed us fourth in our local authority performance tables. Our EBACC entry rate

As well as examination results and data there are other measures of impact of the outcomes from 2022-23.

- The Mastery within Maths (Ask Curriculum plus) has increased outcomes at Key Stage 4 with a progress 8 score of 0.11 increasing from 0.07 (2022).
- A reading coordinator has been recruited and developed to embed reading across the academy, form tutors have received CPD and NGRT Year 7-

strategy plan taking into account this information and made changes to how we intend to use some of our budget this academic year.
